Empowering poets worldwide with an Inclusive and Global poetry platform

Discover a platform that brings poets from around the world together, providing a fair and unbiased space for their talent to shine. With our innovative AI judging technology, we ensure that every poet gets a chance to be heard and appreciated.

Inclusivity

Join a community that celebrates diversity and embraces poets of all backgrounds and experiences

Global Reach

Connect with poets from every corner of the world and expand your creative horizons.

Experience Fair and Unbiased Evaluations with our AI judging System.

Our virtual poetry slam events utilize innovative AI technology to ensure fair and unbiased evaluations. With our AI judging system, poets from all over the world can participate and receive objective feedback.

AI Technology

Our AI judging system evaluates performances based on objective criteria, eliminating human bias.

Inclusive Platform

We provide a platform where poets worldwide can showcase their talent and connect with others.

FAQs

Find answers to common questions about participating in our virtual poetry slam events, AI judging, and event scheduling.

How to Participate

To participate in our virtual poetry slam events, simply sign up on our website and submit your original poem. Make sure to follow the guidelines provided to ensure a fair evaluation by our innovative AI judging system.

AI Judging

Our AI judging system uses advanced algorithms to evaluate poems based on various criteria such as creativity, originality, and delivery. This ensures fair and unbiased evaluations for all participants.

Event Scheduling

Our virtual poetry slam events are scheduled periodically throughout the year. You can check our event calendar on the website to stay updated on upcoming events and their respective dates.
